In his D.O of 8.8.08 Dr Smyth while expressing his opinion re: the qualifications of Dr Mylvaganam as a Specialist, stated that if Dr Mylvaganam is posted to the Eye Hospital, his practical work in that line may be judged and that he would write to Dr Mylvaganam and ascertain the inclinations of that officer. The present D.O of 14.8.08 from Dr Smyth is in continuation of the previous one of 8.8.08. Med file 250-07 Sl no 1 containing copy of the latter D.O is submitted herewith. There appear to be no other papers on the subject.

to the Eye Infirmary to acquire practice in dealing with eye diseases, but it should be clearly understood & placed on record that Dr Mylvaganam was brought down with a view to have a doctor skilled in general surgery to take charge of the Victoria Hospital as Dr Armugam should at any time be unable to attend. Dr Mylvaganam should not be taken away from the ~~General~~ Victoria Hospital. & this is in accordance with Col Smyth's recommendation also.

Col Smyth may be asked why one of our asstt or sub asstt surgeons who show aptitude for the work should not be attached to the eye hospital with a view to take Dr Ramanadan's place whenever he goes on leave.

The remarks contained in the first para of his letter have been made by Col. Smyth without a knowledge of what passed in connection with Dr. Mylvagnam's appointment. In my note dated 27th December 1907 to His Highness, it has been clearly mentioned that Dr. Mylvagnam is intended to take charge of the Victoria Hospital if anything happens to Dr. Armugam.

It is however unneeessary to pursue this correspondence further. The papers may be filed.

D.O. ✗ 2)-11-08 from Col Smyth recommending that, during the absence of Dr Arrugam on leave, Mr C. A. Nanjappa may be appointed to officiate as Medical officer in charge of the Victoria Hospital, unless Govt have promised such a post to Dr Narayanan when it occurs, etc -

There is nothing in the papers to show that any promise or understanding has been given to Dr Narayanan in the matter. The decision noted ✗ 2)-12-07 in file 1140) shows merely the intention in the mind of Govt when proposing to take him into the Mysore Medical service.

Now that there is an actual officiating vacancy existing there is, I think, nothing to prevent the Govt making the arrangement most expedient under the circumstances. Colonel Smyth considers Dr Narayanan an untried man,

OFFICE OF THE SENIOR SURGEON AND SANITARY COMMISSIONER WITH THE GOVERNMENT OF MYSORE,

Bangalore, 30.9 1908.

1.10.08

My dear Mr.Chendrasekhara Iyer,

Your D.O. No.3388 dated 29th September 1908 re: the object with which Mr Mylvaganam was taken on in the Govern--ment service. I have gone into his papers and the Government orders carefully and it is to me clear that he was taken on as a Specialist in Throat, Ear and Nose work, without any reference whatever to General Surgery. I know perfectly well what Mr. Mylvaganam is capable of besides throat, Ear & Nose work; and, as to what it may seem wise to do with him as time goes on, I shall keep His Highness' Government informed of it, as I see more of his work. Being merely a good General Surgeon is not all that is required of the man who is to take charge of the Victoria -- Hospital when Dr. Arumugam retires! (which event is I hope in the far distant future).

As to a man who shall act for Dr.Ramasamy Iyengar when he goes on leave, I fear your suggestion is made on a mis--apprehension of what is required of the Government Oculist. If Government will trust me in the matter I will make suggestions for the proper filling in of such vacancies as they arise. Mean--time

Meantime my opinion is that Mr. Mylvaganam is the only one to be thought of in connection with such duties as those of the -- Eye Hospital in Dr. Ramasamy Iyengar's absence for any consider -able period.

I may perhaps here reveal my plans in regard to the Eye Hospital, viz.- to post young officers to that Hospital for a period of 3 years, selecting my men. When it comes within a couple of years of the retirement of Dr. Ramasamy Iyen -gar (where I shall be matters not!), Dr. Ramasamy should be asked which of all the men he had working under him showed the greatest aptitude for the work. The man he selects should then be sent to Europe to study Ophthalmology specially and then suc -ceed Dr. Ramasamy Iyengar.

My dear Mr Chamarajendra

Iyer.

Mr Nagarajan was round here today, and considered himself aggrieved because when Dr Arrington was off duty for any reason C.A. Ramiappa was placed in charge of the hospital.

Ramiappa is 16 yrs service Knows all about the hospitals, & by tactful Gentleman & popular & Dr has naturally taken charge in Dr Arrington's

absence. But Mr Mytton
would have felt aggrieved
I think unless he had had
some sort of understanding
with Govt. of which my
mere own assertion - & denial
according, (such is the
case, be glad to know exactly
how things stand when I
Came back from leave
I think that - in time -
unless (my) the deponent
Thinks, Mr Mytton
might succeed Armyn
but that an untried man

showed he has dysentery right
away never occurred to me
Dr Armington was dying
two days after — pneumonia —
but pneumonia of a doubtful
type — perhaps a preliminary
to the bursting of an hepatic
abscess into the lung — We
are watching him anxiously
enough — but whatever happens
he cannot rejoin for some time
— weeks at least, and an Offg Offrs
will have to be appointed.
So unless Evt have promised
my longing look a post
when it comes, I recommend

C

that Mr Mayabba be appointed to officiate. He is a very good all round man, very steady, & a good disciplinarian — having profited by the full liberty in harmony only with such a good man as Armitage I think this would be Armitage's wish too — & he would not recommend a man who would spoil his work & bring discredit on the hospital. Seniors from the rest of the service are not often thought of for the post. — He could be posted without prejudice & this then destroys altogether one of the things are going with poor Armitage.

Believe me

Yours very truly
